Dear Mr. Weisberg:

Enclosed herewith are the documents which contained information that had been received from the U. S. Department of State and were referred to that agency for review.

Of the 23 documents referred, 17 are being released in their entirety, 5 are being released in part, and 1 is being withheld, in accordance with the recommendations obtained from the State Department.

In the documents in which deletions have been made, the following subsections of Title 5, United States Code, Section 552, have been applied:

- (b) (6) materials contained in sensitive records such as personnel or medical files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
- (b) (7) investigatory records compiled for law enforcement purposes; the disclosure of which would:
 - (C) constitute an unwarranted invasion of the personal privacy of another person;
 - (D) reveal the identity of an individual who has furnished information to the FBI under confidential circumstances or reveal information furnished only by such a person and not apparently known to the public or otherwise accessible to the FBI by overt means.

Mr. Harold Weisberg

Any questions you may have regarding the processing of these documents should be directed to:

For your assistance in this matter, all 23 of the documents have been listed on an inventory worksheet in the order of document numbers listed in the far left margin. In the far right margin of the worksheet is a listing of the section numbers of the Murkin main file (44-38861) in which these documents belong.

The enclosed documents are grouped by section and a complete copy of the inventory worksheet for each section in which these referrals belong is attached behind each group of documents. For example: Document #1, serial 44-38861-3525, belongs in Section 40. Attached to the back of Document #1 is a copy of the inventory worksheet for Section 40 which includes the number of pages released and the exemptions applied to the document.

The disclosure of these documents to you completes the coordination and processing of all documents that had been referred to other agencies.

Sincerely yours,

Allen H. McCreight /10/80
