MR. LESAR: . . .

I had a student who volunteered to help us go through Mr. Weisberg's correspondence and summarize his objections to specific serials and document them. It is some 15 pages long. We gave them that. No response. None whatsoever.

THE COURT: I will expect a response to that document. If it has been mislaid, I would ask that plaintiff provide them with another and a copy of it, and we will want some answers in 30 days at the outside.
