NOTE:

Department, in a memorandum furnished us the results of an interview by them with one Bill Sartor who is allegedly a contract writer for Time, Inc., and who resides in Greenville, Mississippi. The interviews took place on June 12, 1968, and August 22, 1968, in which Sartor claims a conspiracy exists in the assassination of King and he gives names and locations including what appears to be Cosa Nosta figures, racketeers, and Memphis Police officers. Fartor does not furnish the Department complete details and he has not fully investigated this matter due to finances.

The Department has not furnished us with this information before, although we have been in receipt of some of the information contained herein which we ran out with negative findings as to a conspiracy involvement. The Department is requesting that we

Sartor, in his interview with the Department expected or hoped that they would feed investigative results back to him, and if this is not possible he wanted to be given the story first or no later than anyone else. No indication in the Department memo of any committments other than the person conducting the interview advised he would report this information to his superiors.

It is possible that Memphis has run out some of the items in the Department memo, which resulted in negative findings and the Bureau would not be aware of such. Negative findings are not necessarily reported to the Bureau, therefore, Memphis should make an evaluation and submit their recommendations.

Jackson is being instructed to furnish Bureau and Memphis the results of indices check concerning Sartor. Jackson is also being furnished two copies of the Departmental memo in the event it becomes necessary to conduct investigation there at a future date.
