East on Parkway. I overtake  
him at Parkway + Bellevue. Then  
that is when I saw that police  
transistor Radio. Then I began  
to wonder why he was listening at  
the radio. And was driven a lot  
wider car. but I was not thinking  
that he could have been the  
one that shot Dr. King or  
know who did. The time this car  
was at Parkway-Lauderdale 6:15 AM  
6:20 PM, 4-4-68. IF you can look  
into this. I think you will have  
your man. he had on dark red  
vest and the radio was same color.  
The vest was. he was thin man  
with dark hair about 20-25 years
