Dear Harold,

Enclosed are the papers to date on my suit for CD 347. The interrogatories enclosed are just to warm things up. I'll prepare some more extensive ones after these are answered.

Jim Lesar tells me you would be good to talk with on the classification issues. This certainly something I need to learn a lot about. I was wondering if it was possible to get a copy of one of your interrogatories or depositions covering this issue (procedural aspects of classification). Naturally I would pay for all expenses.

I finally got a tape of the Golz-Allen Epstein interview of last March. I haven't pushed too hard on this, as I understood you were primarily interested in Nonsenko stuff, which was hardly mentioned according to my notes. But soon I will be sending it to you for what it is worth.

I wonder what Lane is up to with his "new evidence" in the King case. Promoting his movie?

I certainly welcome any of your comments on this enclosed material. I'm looking for the government to move for Summary Judgment somewhere around my exam time!

Hope your working is going well.

Best wishes,

Mark

P.S. Just found out that my case has been assigned to Judge Smith. Anything you know about him might be useful
