Re: Weisberg v. Webster, et al.,
Civil Action Nos. 78-322/420

Dear Henry:

As you are aware, by Memorandum and Order filed October 27, 1982, Judge John Lewis Smith, Jr. denied the Government's motion for summary judgment on the search issue in the above cases. In so doing, he indicated that discovery "may" be needed on this issue.

Unless I hear from you to the contrary by November 19, 1982, I will assume that discovery is needed to resolve the search issue and proceed to initiate it forthwith.

Sincerely yours,

James H. Lesar

cc: Judge John Lewis Smith, Jr.
