Dear Mr. Lesar:

I have executed the authorization with the modifications indicated therein. I believe the modifications are consistent with the provisions included in the agreement, but should you have any problem, please do not hesitate to contact me.

I am not certain what you have in mind concerning access to the original of the film. If you could be more specific concerning the manner in which you would handle it, so as to insure the safe return of the original, I would be glad to consider the matter.

Best regards.

Sincerely yours,

Henry G. Zapruder
