

JL-

Trying to get things straightened out again.

You've sent me copies of the first two of my recent 0322-0420 affidavits as you've used them.

When you can would you please let me know how you intend to use those of 3/2 and 3/4?

Or, if you don't intend to, why not?

When you find my first affidavit in the Gary Shaw case, would you please send me a copy to replace the one I couldn't find?

Thanks
