

Dear Jim and Mark,,

2/10/85

I've finished reviewing the eight Phillips declarations you sent (not complete) and marking them with paperclips, toward the end adding annotations. As I said, he was not truthful even when he did have personal knowledge.

There is at least one more declaration by him, an I did not neither lie one and at least one by Anderson in N.O. that I believe is perjurious.

If and when you have time I'd appreciate copies or, if you recall, a reference to the time so I will not have a large search to make for them.

There came a time, probably rather late, when Udo Specht provided at least one declaration, also at the very least misleading.

I do not know if there will be an opportunity to use this, just about all refuted in the case record, but if there is I'll be ready in addition to what is in my affidavits, meaning if there is any testimony.

Or other need.

He is utterly shameless!

Best,

A
