To draw your attention to possible news interest I deal separately with this short selection from more records in one of thr ticklers. It relates to LBJ's paranoia about the JFK assassination and criticism of the official investigations. He wanted Director Hoover to write a book refuting all of us. It was so nutty an idea even his emissary, Abe Frotas, epposed it. Wick, in DeLoach's operation, fugured out the end run that worked and the book idea was abandoned in favor of it, (It involved overt journalistic whoring by Sid Epstein, they city editor of the Washington Star.) The relevance of this and the related records is that in order to refute and respond to what the critics had written the FEI necessafily had to have the information on and about us, which Phillips soure it didn't in this case in which Dallas as the Office or Orgin was the major repository.

There wasn another "book writing" detail in 1970, again requiring both records and ready access.

MR. TOLSON:

ASSASSINATION OF PRESIDENT KENNEDY; LEETING WITH JUSTICE FORTAS, 2 p.m. 10/7/66 AND REQUEST FOR DIRECTOR TO WRITE BOOK

I saw Justice Fortas at 2:45 p.m. this afternoon at his chambers at the Supreme Court Building. Fursuant to the Director's instructions, I outlined to Justice Fortas the many reasons why the Director could not accede to the President's and Justice Fortas' request that a lengthy article, series of articles or book be written by the Director concerning captioned matter. I told Justice Fortas the Director wanted to be of all possible assistance to the President and him, however, in this particular instance the Director would appreciate consideration be given to the above reasons why it would not be logical for him to undertake this

Without any hesitation, Justice Fortas told me he agreed with the Director. He stated he could not indicate this project. previously, however, he had argued with the President that it was not logical for the Director to prepare this book inasmuch as the Director in doing so would necessarily have to substantiate the investigative efforts of many other agercesother than those

Justice Fortas indicated he had no argument whatsoever with the Director's thoughts. In reply, I told him the of the FBI. Director had suggested that Chief Justice Warren might undertake burector man suggested that chief Justice Marien might under take such a project inasmuch as he, the Chief Justice, would be acting in his capacity as Chairman of the Marren Commission rather than in the capacity of Chief Justice of the Supreme Court. Justice Fortas stated he doubted Chief Justice Warren would agree to this assumption. We added, however, that Lee Reputing the Chief Court of the Warren Commission, had agreed to write a book; however, Rankin's book would not be ready for publication for annovinator Rankin's book would not be ready for publication for approximately

one year.

raised by critics with respect to the differences as shown in the autopsy between the FBI reports and the final conclusion of the Warren Commission. I told Justice Fortas this would be brought to the Director's attention and I felt certain the Director would be agreeable to the issuance of a statement in this regard so long as the statement pertains to this one point.

I brought up the subject of Harold Reis with Justice Fortas. After outlining to him the fact that Reis was undoubtedly responsible for any misunderstanding which had arisen between the Department and the FBI, Justice Fortas interrupted me and said he had known Reis for many years and dislikedhim intensely ever since he, Justice Fortas, had represented the Puerto Rican Government in dealings for the United States. He stated Reis had stuck a knife in his back on more than one occasion. Justice Fortas stated in one instance he had told former Attorney General Katzenbach in President Johnson's presence of the fact that Reis had a very brazen, undesirable personality and that Katzenbach should get rid of him. Fortas asked me to tell this fact to Ramsey Clark the next time I see Clark. I will, of course, do that this afternoon.

Pursuant to the Director's instructions, we are preparing a statement in line with the President's and Justice Fortas' request.

Respectfully,

C. D. DeLoach
