Dear Mr. Demiston,

The enclosed is for the completeness of your file and in the hope that maybe the day will come when official felonies are regarded as news.

Now, with their Opposition, undenied official felonies.

If you want their Opposition, I'll send it.

And Weld is signatory as USA for the District. I thought he was in Boston.

I do not expect either the USA or the OPR to do anything but I do my part in informing them and, perhaps, also serve history and the future.

Best regards,
