Re: Files of the assassination of President Kennedy

Dear Mr. Wilson:

In your Freedom of Information Act review of June 1976, on the files pertaining to the investigation of the assassination of President Kennedy, you released Document Number 632-796. This document concerned one Jean Souetre aka Michal Roux aka Michal Hertz; his presence in Dallas at the time of the assassination and his subsequent expulsion from either Fort Worth or Dallas eighteen hours after the killing.

Under the guidelines of the Freedom of Information Privacy Act (FOIPA), I respectfully request that further information on this individual, the circumstances surrounding his presence and expulsion from the U.S., the two CIA documents mentioned in Document Number 632-796 as well as the photograph of Captain Souetre be made available.

At the present time, I am in possession of much material on this individual, (his background, associates, photographs, demeanor, etc.) and his probable participation in the death of the President. Please give this matter your earliest attention.

Thanking you in advance, I am

Sincerely yours,

J. Gary Shaw
