[REDACTED] during recent conversation with several friends, Giancana stated that Fidel Castro was to be done away with very shortly. When doubt was expressed regarding this statement Giancana reportedly assured those present that Castro's assassination would occur in November. Moreover, he allegedly indicated that he had already met with the assassin-to-be on three occasions, the last meeting taking place on a boat docked at the Fontainebleau Hotel, Miami Beach, Florida. Reportedly, Giancana claimed that everything has been perfected for the killing of Castro and that the "assassin" had arranged with a girl, not further described, to drop a "pill" in some drink or food of Castro's.

The source further advised that Giancana reportedly stated that Castro is in the advanced stages of syphilis and is not completely rational. We are making efforts to obtain additional information concerning these allegations, which have not been substantiated, and recipient agencies will be kept advised of any additional pertinent data received.
