Los Angeles, California
April 11, 1978

I, ████████████████████████ have read a letter directed
by G. Robert Blakey, Chief Counsel and Director, Select Com-
mittee on Assassinations, U.S. House of Representatives,
Washington, D.C., to the Honorable Griffin R. Bell, Attorney
General of the United States, on April 10, 1978, concerning
████████████████████████ and Antulic Ramirez Ortiz.

I have also observed a copy of a teletype dated
November 20, 1975, sent by the American Embassy, Kingston,
Jamaica, to the Secretary of State, Washington, D.C., con-
cerning the fact that Antulio Ramirez Ortiz had arrived in
Kingston on November 11, 1975, from Havana, Cuba, and that
upon interview he indicated his wife, Aliagracia Ramirez,
11415 Venice Boulevard, Apt. 6, Los Angeles, California,
has informed FBI Agents ████████████████████████████
Los Angeles of subject's ████████████████████████

Based on the above, I caused a review of Los Angeles
indices to be made under the following names: ████████████████
██
Antulio Ramirez Ortiz, and Antulio
Ortiz.

All indices were negative with the exception of
those pertaining to Antulio Ramirez Ortiz, aka Antulio Ortiz,
who is the subject of case captioned "Antulio Ramirez Ortiz,
Internal Security - Cuba; ITSA; Kidnapping; CHS - Assault,"
which concerns Ortiz' involvement in the hijacking of a
National Airlines flight from Miami, Florida, to Havana, Cuba,
on May 1, 1961, and the subsequent return of this individual
to the United States in 1975. Other references to this indi-
vidual were also located but they were directly connected to
this hijack matter.

I have personally reviewed all Los Angeles files
pertaining to the assassination of President John F. Kennedy
on November 22, 1963, at Dallas, Texas, along with our files
pertaining to Ortiz' hijacking of the National Airlines flight
from Miami to Havana on May 1, 1961, and other related files
pertaining to American aircraft hijackers in Cuba and Cuban
Intelligence. No written and/or recorded records were found
pertaining to any contacts by this Office with ████████████
████████ with potential aliases noted above.

I have discussed this matter with both SAs [redacted]
and [redacted] and have been advised they do not specifically
recall interviewing [redacted] and that
they certainly did not accept from her any documents. Neither
of these Agents recall having prepared any written report or
memorandum concerning any possible contact with this and/or
any other person concerning Ortiz. Based on my review of our
indices, coupled with a review of logical files, I feel that
any additional search of our record system would also be negative.
