MEMORANDUM

cd

It is confidentially reported that [redacted]

[redacted] corresponded with Countess Alexandra S. Tolstoy, Tolstoy Foundation, 289 Fourth Avenue, New York, New York, by letters dated May 7 and May 8, 1941.

A brief summary of the contents of these letters, according to the confidential source, is as follows:

"The Russian letter with the heading of the Russian Relief Committee, dated 7th May 1941, is the report of the Chairman of the above organization to Countess A. L. Tolstoy about the work of the Committee. It contains a statement of the amounts received from the Tolstoy Foundation of New York between October 1940 and 12th April 1941, totalling Fr.Frs. 205,507.40, receipts for which are enclosed.

"It further contains a statement of all the food stuffs supplied to the organization by the 'Unitarians' and the 'Quakers' partly direct from USA, but chiefly from Lisbon, through [redacted]. The Quakers have been paid for the goods Frs. 36.00.-out of the local funds. There is no indication of the period during which the food stuffs in question have been delivered.

"Writer points out the tremendous increase in the scope of the organization's relief work, and in the difficulties under which it has to be done. He considers it necessary to make the 'Comite des Zemstvos et Villes Russes' the sole organization for the distribution of donations from America, whether in money or in kind. He writes (page 2, last paragraph):

"I quite realize that this increase is the result of the assistance given by the Tolstoy Foundation and the Children's Relief Fund, and that we are only your technical apparatus here. But in order that this apparatus can work still more intensively, we would ask you to direct everything through us alone . . . In these hard times, when it is so difficult to raise the means to cover the direct and most urgent needs, the co-ordination of all efforts is the basic condition of the rational use of the money obtained." After describing at length the various difficulties he has in obtaining permits
