Dear Harold,

Another hasty note, this one to provide the CIA letter of 5/2/77, ~~wx~~ which you requested in your letter of 9/1.

I have also enclosed my letter of 3 April 1977, to which the CIA was responding.

As I mentioned to Jim, it is not really that clear what the CIA meant by "the other FOIA requests." (Not quite the same as "all" other?)

Most of my correspondence with the CIA around that time is in the material Jim filed for me in my FOIA action.

One other point: you referred to a leaked copy of part of the CIA's IG report, and published reports based on it. I just want to urge a little ~~x~~ caution here. I wondered if you might be referring to a column or two by Jack Anderson a few years ago. He either stated or implied that the IG report was still withheld as secret. ~~XX~~ In fact, I think that everything he quoted was from the pages which were released by the HSCA. In their Vol. 4, starting ~~at page 127~~ at page 127, they published pages 1-8, 14, 17-18, 24-25, 37-39, 62a-63, 94, 118, 130-133.

Not a major issue, but we don't want to join the CIA in not knowing what they have released!

Of course, if you have additional pages from the IG report, I would certainly be interested in ~~seeing~~ seeing them.

Best,

*Paul*
