DOCKETING STATEMENT

With the promulgation of Rule 7(d) of the General Rules of this Court, all appellants and petitioners are required to complete a docketing statement setting forth certain information relating to the appeal or review proceeding. The docketing statement must be filed within 20 days after the case is docketed. An original and three copies of the docketing statement are to be submitted on the attached form or on a reasonable facsimile thereof. Rule 7(d) provides as follows:

Docketing Statement. Within 20 days after an appeal has been docketed, the appellant(s) or petitioner(s) shall file an original and three copies of a docketing statement. Forms furnished by the Clerk's Office of this Court, or facsimiles thereof, must be used for this purpose. Docketing statements which are not presented on Clerk's Office forms, or facsimiles thereof, shall not be filed. Proof of service, showing the names and addresses of persons or entities served, shall accompany the docketing statement. The docketing statement shall contain such information as the Court from time to time deems necessary concerning the status and posture of the case and concerning any related cases. The docketing statement shall be prepared on the basis of the knowledge and information reasonably available to appellant/petitioner at the time. Incomplete docketing statements may be rejected for filing.

The docketing statement is to be signed by the attorney for appellant/petitioner or, if the appellant/petitioner is proceeding in proper person, by the *pro se* litigant. The Clerk's Office will enter the appearance of counsel, or of the person appearing *pro se*, who signs the docketing statement unless either a previous entry of appearance has been filed or the Clerk's Office is expressly advised in writing to the contrary.

In the event that counsel, to whom the docketing statement has been sent, no longer represents appellant/petitioner, counsel should return the uncompleted form to the Clerk's Office accompanied by a brief statement to that effect. This advice by former counsel should set forth the name and address, if known, of new counsel as well as the name and current address of appellant/petitioner.

The following definitions should be read before completing the docketing statement.

DEFINITIONS

1. "Order" includes a judgment or decree in a district court case and an order, rule or decision in an administrative agency case.
2. "Administrative agency cases" are cases in which the decision of an agency, board or commission of the United States is subject to direct review by a court of appeals.
3. "U.S. Civil" means any civil case, other than a case coming directly from an administrative agency, in which the United States or an officer or agency thereof is a party.

(The purpose of this inquiry is to aid the Court in scheduling and coordinating the handling of cases. The response to this question does not require counsel to perform any additional research into pending cases and is not binding on any counsel in their discussion of the significance of other cases in their briefs.)
