Dear Harold,

Here's some of the stuff you asked for. As I explained, I did not retain a bound copy of my document appendix for myself - I plead poverty - just an index to the exhibits and the "original" photocopies.

Thanks for "feeding me" several of the documents that helped to make this thing come together, especially the memo on the Cardley task force and that FBI teletype regarding the CBS documentary.

As I recall, you should already have two copies of the Complaint, which I sent to you for yourself and Jim Levan.

Feel better soon.

Best,

Roger
