Honorable Sir:

About 9:30 PM, on the night of the assassination of Dr. Martin Luther, Jr., I saw a white convertible 1967 "Wildcat" with a Clarke County Mississippi tag number 120-134. This car passed me on South Prentiss (in Jackson, Mississippi). We were both traveling South; this car turned West on Central Street, and so did I. The next turn was South on Eastview Street, after our turn on Eastview Street, this wildcat abruptly stopped and parked.

As soon as I passed, this car turned completely around and headed in the opposite direction.

This car may not be in any way connected with the crime that took place in Memphis 2 1/2 to 3 hours earlier, but it was on my mind and it bothered my conscience.

If you think it will help in solving the case of the uncaught killer please check it out.

PS: Honorable Sir: Since sending you the original of the above letter, I have seen and examined the sketch (in the News paper) of the suspected killer. So let me please add this: The driver of the white convertible Wildcat was White male fully matured. In his quick turn of his head to get a look at who was following him, he shook loose the long hair that was covering a ball spot on the back part of his head. So I urge you to please check out this above described automobile.
