Dear Mr. Buckley,

With your letter of the second, here today, was the usual list of enclosures and those enclosures. Thanks for them and for the care in packaging.

Your letter states that the records enclosed run through Enclosure 7.

However, there was no Enclosure 7.

I have no way of knowing whether Enclosure 6 is complete. I received 2531. The list ends with the referral of 2532.

I'd appreciate the missing records, thanks.

NI. 2517 is not dated, although signed agreements usually are dated. The list provides no date for it. If you can provide a date by other means I'd appreciate it because this is an important record, one of which I believe there was no earlier public knowledge.

Sincerely,

Harold Weisberg
