Although WFO feels info contained in the enclosed LHM does not warrant active investigation of the subject, it is being furnished for the Bureau's info on the basis of the remote possibility that subject's recent visit to NO may have related in some manner with developments there relating to LEE HARVEY OSWALD. It is noted that on page 2 of refno LHM, 1/7/64, JOSEFINA JIMINEZ MENDEZ, a Pan American Union employee, without giving basis for her feeling, stated she felt there was some connection between OSWALD, JACK BUHY and captioned subject. Inasmuch as info from JIMINEZ was furnished in form suitable for dissemination, the Bureau may also desire to disseminate the enclosed.

[REDACTED]

Enclosed LHM is classified "Secret - No Foreign Dissemination" in view of the sensitive nature of WF T-1 and since info from WF T-2 was so classified.

The attention of the Bureau and recipient offices is invited to the fact that other info from JIMINEZ has not been substantiated and in furnishing it, she has displayed a possible lack of stability.
