

Dear Jim,

3/27/86

I've just received the attached 3/24/86 letter from DJ CRD and if I wanted to try to do something about it I'm not able to.

However, in the light of their boilerpated claims, always lies, to handle everything relating to me, my requests and appeals in chronological order, please note ~~the~~ the apology for the delay in responding and that the delay is only, quick calculation you should ~~check~~, only 8 years and 9 1/2 months.

And this when the claim to have nothing they can release!

But they do apologize.

Actually, the delay is longer by at least a year. They refer to a letter that was, I suspect, written at Shea's request. He sent his own letter to all components and most have yet to respond in any way. They ignored him, too.

I'm not able to search and read the cited letter so I can't confirm that I told CRD that it should have been sent to Criminal.

Best,
