**NOTE:** A search of the indices to our central records system at FBI Headquarters revealed cross-references to your subject. A cross-reference is defined as a mention of your subject in a file on another individual, organization, event, activity or the like. In processing cross-references, the pages considered for possible release include only those pages which mention your subject and any additional pages showing the context in which your subject is mentioned. When such a page also contains information about another subject matter, the information "outside the scope" of the request is marked with "o/s" in the margin and bracketed. Whenever possible, the o/s material is released; however, it is withheld if consultation with another government agency would be required or if it is otherwise exempt from disclosure. For your information, the exemptions that apply to the material had it been within the scope of your request has also been noted on the document.
