Dear Mr. Weisberg;

First off my address is 156 N. Laurel St. Hazleton, Penna. 18201. Second thank your wife for writing back, I know how busy you must be.

The reason I'm writing you is to tell you that the F.B.I. finally came through on my first FOIA request, I requested the two Mary Moerman photos, which I received the other day. The first one is the one used by every newspaper in the country, it shows the President slumped over, and also the famous Grassy Knoll, the only difference between this photo and the other ones I have is that this photograph (according to the F.B.I.) is a copy direct from the Original, it shows Zapruder taking his movies, and the Grassy Knoll seems to a lot clearer also. In most other photos of this Mr. Zapruder is cropped.

The second photograph is the one that shows the motorcycle policeman, and the lower corner of the TSBD building. It also shows the crowd along Elm St. but the damn photograph is so light and underdeveloped it seems, you really can't tell that much. Personally I think the FBI cut the photo, in some reports they say the Sixth-floor window is visible, well what can I say, well that's all Mr. Weisberg. If you think you'd like a copy of either photograph, I will be glad to furnish you with them at my cost, well that's all and good luck in the future, if any thing breaks in the case please drop me a line, good-bye.....
