

~~CONFIDENTIAL~~

Sorry I have no time to read and correct this. If there are any question or if anything is unclear please ask. I have a carbon and a copy of each attachment.

In addition to the records that came today I have to complete addressing the Beckwith affidavit in C.A.75-1996.

Because of the accident described in the enclosed affidavit in which I began to address the Beckwith affidavit - the notary forgetting to affix the seal - Jim Cesar was not able to file it. I will deliver it to him 8/25, when I will be in Washington.

I enclose a copy on the chance that it and the attachments may be of assistance in the ongoing review.
