The Not Recorded Serial of 12/20/63\* does not refer to informants. I attach it because it reflects what I have told you in many appeals, that the FBI agreed to the disclosure of what the Commission disclosed and prior to FOIA it never withheld what after FOIA and continuing to the present it withholds under claims to (7)(C) and (D).

This is true also in the *King* case, where the FBI gave the local prosecution many volumes of reports and the 3,000 some index cards to them, not withholding any names and for the purpose of use in the prosecution.

Yet the FBI withheld in C.A. 75-1996 what it gave to the prosecution for disclosure in the expected prosecution
