Mr. Harold Weisberg

Frederick, Maryland 21701

Dear Mr. Weisberg:

Reference is made to your letter dated April 18, 1979, concerning the Dallas Field Office communications index prepared for the investigation of the assassination of President John F. Kennedy.

We have rechecked the communications index and found 13 cards on which excisions were made and the corresponding exemption was not placed on the card. All other instances in which it appears that an excision was made but no exemption is shown is a result of adjustments on the cards made by the Dallas Field Office during the investigation of the assassination.

Enclosed are copies of the 13 corrected cards (on 12 pages). All 13 cards should be placed in your copy of the communications index pertaining to the 100-10461 file.

Sincerely yours,

Thomas H. Bresson, Chief
