Dear Mr. Rankin:

Reference is made to your letter of January 17, 1964, requesting investigation relating to a letter received by the Chief Justice of the United States from a correspondent in Marshall, Texas, possibly named Montgomery.

This correspondent has been identified as Mrs. Verdella Montgomery. I am enclosing two copies of a communication prepared by our Dallas, Texas, Office dated February 6, 1964, containing the results of an interview with Mrs. Montgomery and her daughter, Florine.

For your information, copies of this communication have been furnished to the United States Secret Service in view of its interest in Mrs. Montgomery.

This concludes our inquiry into this particular matter.

Sincerely yours,

NOTE:

This item previously on Director's "Special List". President's Commission by letter dated 1-17-64 requested investigation to locate and interview anonymous letter writer, who alleged she had information relating to the assassination. Dallas identified, located and interviewed Montgomery, whose "information" was based on "visions from God." The information developed is of absolutely no value and the correspondent and her daughter have been characterized as being "mentally ill." During the investigation it was learned Secret Service had interviewed Mrs. Montgomery on 1-10-64. In view of apparent interest of this agency, two copies of the Dallas letterhead memorandum have been disseminated to them. This concludes our inquiry.
