

OFFICE OF THE DEPUTY ATTORNEY GENERAL
WASHINGTON, D.C. 20530

July 6, 1970

Mr. Harold Weisberg
Coq d'Or Press
Route 8
Frederick, Maryland 21701

Dear Mr. Weisberg:

This will reply to your letter of June 19, 1970 in which you request a photographic print of a composite picture showing President Kennedy's clothing. As you know, Exhibit 60 is a composite of several photographs showing various articles of the President's clothing. Since there is no single negative of this composite picture, there are attached prints made from three of the four photographic negatives from which the composite picture of Exhibit 60 was prepared. We have previously supplied you with a print of the fourth negative showing the tabs of the President's shirt.

Your letter makes further reference to my letter of June 12, 1970 and argues against the denial of certain requests previously made by you. In referring to the testimony regarding the spectrographic analyses of certain bullet evidence involved in the assassination, you state that the testimony was simply that all specimens were of lead, no more. This statement is not true since the testimony as set out in Volume 5, Page 74, Line 1 of the Warren Commission Report states specifically that the various items "were found to be similar in metallic composition."
