NOTE:

Following assassination of President, CIA received information through Swiss sources concerning conversation Gibson had with an acquaintance indicating Gibson previously received letters from Oswald and also that Gibson had knowledge that subject was member of Fair Play for Cuba Committee (FPCC). Gibson is former national leader of FPCC who formerly resided in Switzerland although reportedly now in Paris. He could be approached concerning Oswald without disclosing sensitive CIA information. On 11-28-63 we suggested through liaison that CIA arrange for his interview. Paris has now requested advice as to whether interview of Gibson desired.
