

3/4/78

Dear Paul,

This copy came through today, via FBI HQ and without the attachments.

I have not been paying too much attention to these things, not reading them carefully.

So I now see it was not until 2/5/69.

But I gave you the Garrison pie chart right after the first Tuesday after the first Monday in November 1968 - right after the election.

Maybe my letter was later, though.

If all the Garrison stuff went through Gemberling's hands he must have had a time of it!

Sincerely,
