

Worksheets (C.A. 7090249), New Orleans files (C.A. 78-0420)

Attached ~~is~~^{are} the worksheet covering Serial 83 of the 100-16601 file and the underlying record.

Exemptions claimed for the withholding are 7c and 7d.

Both records withheld the date.

Is the date an only source? ^{Has} it privacy to be protected?

What makes this more ridiculous is once again the existence of an inconsistent different set of worksheets covering the same information.

Based on the entry on this other set of worksheets the date is 12/8/63.

What strikes me as a ~~strange~~^{strange} set of privacy concepts and standards is reflected in what is and is not withheld. The defamer is protected. The victim of the defamation is not protected.
