In his letter to the Attorney General, Mr. Hunt wrote: "It occurred to me that in view of what has happened in Now Orleans, you might be willing to declassify these reports and documents, specifically those which pertain to the alleged conspiracy."

This Bureau knows of no conspiracy in the assassination of President John Fitzgerald Kennedy. Furthermore, New Orleans District Attorney James C. Garrison has made no information available to this Bureau concerning any alleged conspiracy nor, to our knowledge, has he furnished any information in this regard to any Federal agency.

As to the question of declassifying certain Federal Bureau of Investigation reports and documents which were furnished to the Warren Commission by this Bureau and which are now being maintained in the National Archives, please be advised that such data was excluded from public disclosure under the guidelines approved by Mr. McGoorge Bundy, who at that time was Special Assistant to the President. The guidelines approved by Mr. Bundy were furnished to this Bureau. as an enclosure to Mr. Nicholas deB. Katzenbach's letter to me dated July 8, 1965, entitled "Public disclosure of Warren Commission records." Mr. Katzenbach was Attorney General at

that time. 62-109060 ... - 21111 - 2111 - 2111 - 2111 - 2111 - 2111 314 111 REL:as:cls APULA 101967 (10) COMM-FBI

Mr. Cliff Bessions

Our basic position concerning the public disclosure of material emanating from this Bureau in connection with our investigation of the assassination of President Kennedy is expressed in my letter of February 15, 1965, to the Attorney General entitled "Public Disclosure of Warren Commission Reports and Working Papers." I informed the Attorney General that it was my view that the final decision as to public disclosure of the material in question rests with the Department of Justice.

In connection with your request to be furnished material for your use in answering Mr. Hunt's letter, I would like to point out that this Bureau has received information from several sources that "Life" magazine has been financing some of Garrison's investigation. You may desire to consider the foregoing facts in preparing a reply.
