INFORMATIVE NOTE

Date 3-4-64
On 2-24-64 Rankin requested that Marina Oswald's activities be closely followed to determine people contacting her. It is noted in attached that Marina Oswald alleges that her attorney stated Martin (her former business manager) wanted to inform Commission concerning happening in Washington, apparently referring to Martin and Oswald having sexual intercourse, and that Warren stated this did not pertain to case and refused to hear this data. This is quite strange inasmuch as we conducted extensive investigation concerning this incident at specific request of Commission. We are advising Commission by letter of this information.
