In 62-109060-3728 (Section 87) KMR has a note, "icc let for tickler KMR."

These are the initials of Kenneth Raupach, G.I.D.

An O-1 form dated 1/11/65, to Dallas from HQ, indicates that there was a tickler in then Room 5722, based on which inquiry was made of Dallas. I do not know who was then in that room.
