- Worksheets - inaccurate
- Withholding the public domain - newspapers
- Unexplained withholdings

According to the worksheets for 62-109060, the same worksheets relating to which you provided an affidavit in C.A. 77-0249, Serial 1893 consists of seven pages, all of which were provided to me without excision or any claim to any exemption.

In fact I received only four pages and one of these, of a newspaper, is clearly obliterated - for 8 1/2 of the 10 1/2 inches of the paper.

It is an Italian newspaper.
