

To keep it simple I've limited the attachments to the enclosed appeal to the one attached. Another related record I did not have to use is Serial 430. I have not yet mailed this to Shea. I send the copy in advance to you for the information contained. I believe that pre-FOIA policy makes it clear that the FBI used FOIA to withhold what it earlier did not find it necessary to withhold. HW 9/27/79
