Worksheets

Harold Weisberg 10/10/79

In the course of doing some checking for me Ms. Barrett discovered that there are 12 records that are not accounted for, dated within a five-day period immediately after publication of the Warren Report.

These are in Section 22 of 62-109090, the HQ Commission file.

You provided an affidavit in C.A. 78-0249 relating to the proper processing and disclosure of these worksheets without reference to this withholding.

Ms. Barrett's list is attached.
