Electronic surveillance - "JUNE" and other

In my appeal of 5/26 pertaining to the abstracts and in a number of much earlier and totally ignored appeals I referred to what follows, as I have come to these copies made earlier, when I read the abstracts.

Pertaining to Serial 5510 I informed you that the withheld name is that of an Englishman and had been disclosed by the FBI, although withheld in that abstract to attempt to protect the unjustifiable withholding in the underlying records.

The abstract for Serial 5513 discloses the name I'd forgotten, Malcolm Davis.

Reading all four abstracts, 5510-5513, takes about a minute, perhaps less, so it cannot be that by the time anyone, including SA Wood, read the fourth he would not have forgotten the first of these four.

When I notified the FBI in writing in 1977 that the Davis name was disclosed there is no justification for repeating the improper withholding in 1980. With 5513 Wood, whose initials are on it, goes farther - he makes a (b)(1) claim for what the Department disclosed in the OPR records. What Wood withheld, in the OPR's words, is that "Du obtained info on King assassination thru electronic surveillance."

Both record and abstract are captioned "JUNE." I doubt very much that the FBI obtained permission to employ electronic surveillance on Davis. Perhaps this is the "national security" Wood perceived, illegal FBI electronic surveillance? The abstract begins with an "OK. H." The record ends with all under action recommended being obliterated, except for the initialled Hoover approval.

The abstract for 5440 discloses improper claim to "national security" and to withhold information provided by the RCMP, the latter in earlier records and abstracts.

Three years ago I informed the FBI that it and the press had identified Mrs. Claire Keating as the Canadian woman who had slept with James Earl Ray. On a number of occasions I informed the Court that the withholding was improper and that it might do harm to another woman who did not sleep with Ray. This abstract begins, "RCMP MONTREAL REPORT 11-22-68

CLASSIFIED 'CONFIDENTIAL' AS IT NAMES MRS. KEATING AS RAY'S COMPANION..."

Identifying "Ray's companion" is a matter of "national security?"

There is no excuse for the withholding of Keating's name in the earlier records and abstracts because I did inform the FBI. However, with the abstracts, Wood deliberately withheld improperly because he was in the courtroom when I provided accurate information about the Keating withholding to the judge. Wood did not have to read my communications - if he or any others in the FBI ever did.

5440 also states that dissemination of the RCMP report is OK "IN VIEW OF HER SUBSEQUENT IDENTIFICATION IN CANADIAN PRESS" because "SHE HAS SUED CANADIAN NEWS SERVICES," exactly what I told the Court, Department counsel and Wood and those who preceded him.

Mrs. Keating and the RCMP are both involved in the 28 additional total withholdings this section of the in ~~xxxxx~~ abstracts, 4870, 4915, 4918, 4919 (2), 4986, 4994, 4996, 5068, 5176, 5207, 5230, 5270, 5271, 5337, 5338, 5377, 5421, 5485, 5499, 5501, 5600, 5646, 5647, 5663, 5716 and 5719.

With all of them what is reasonably segregable is withheld.

The (7)(D) claim is made for all, (7)(C) in addition for several.

4870 is a 4-page Toronto police report. At the very least, the identification is reasonably segregable but is withheld. There is no showing with regard to it or any other record that its content is not public domain.

The underlying record for 4915, totally withheld, is an RCMP report of which some is public and some fabricated. O-R disclosed it includes the claim of Blanche ^Nestrice Hutchinson Van Laven that she spent a night with Ray at the Lord Simcoe Hotel; that Ray applied for a job at Lohlaw's ^NGreeteria, which the manager reported to the police, etc. (See also 5035)

There is an obviously ulterior motive for the withholding of 4918, Ray's rights were violated. Six of his letters were intercepted and given to the FBI.

4919 has content that is public domain in the second part. The identification of the first part at least is reasonably segregable. Of the second record O-R's notes say, "Memo to DeLoach - FBI trying to identify citizen band broadcast from 6:36 p.m. 4-4-68." This and all details are public, including by FBI disclosure.

Some of the content of the underlying record for 5068 was disclosed by OPR and indicates there was reasonably segregable information. The record is a referred State Dept. letter: "State Dept letter to Hoover re: negative results of an investigation of a look alike. Protect.* Several such, including names, are disclosed. Note that where protection is desired it is stated and is not properly assumed in other cases.

5176 is RCMP, as are ~~5207~~ 5207, 5230, 5338 and 5716, with no OPR notes on them.

5337, withheld entirely, holds public domain information about Mrs. Keating, according to OPR: "Claire (Mrs. Michael) Keating, nee Cloutier - interview w/ Canadian woman who spent time with Ray at Gray Rocks. RUTH CHAPPELL - friend of Keating's who also saw Ray; both stayed w/Ray at Har-K Hotel in Montreal; both met Ray at Gray Rocks." Also pertaining to Mrs. Keating, 5600: "Interview of CLAIRE KEATING, re Ray's attitude toward blacks."

Three others withhold the public domain as obtained from the RCMP, according to OPR notes. 5646: "...only 2 unsolved/robberies in Montreal Apr 8 to May 6/68 one neg on photo test and other robber spoke French." 5647: "RCMP 2/26/69 ...Mrs. Agnew has heart condition - Mrs. Spence was a poor witness in trial on passport fraud." 5653: "RCMP report - robbery investigation neg."

In 5421 the withheld content of the RCMP report appeared in such journals as the National Enquirer, is the subject of ignored prior appeals and over the years received other extensive public attention: "RICHARD ALVIN GIESBRECHT - allegedly had information on 'Raoul'." In fact Giesbrecht is a well-known fabricator who sought to sell his inventions and the FBI itself disclosed copies of the Nation/Enquirer articles and interviews.

4843 and 4844 both disclose what the FBI insists it must withhold the symbol identification of an informer, Springfield's SI 161 C in the first, 1514 in the second.

4925 refers to "special progress reports" said to have been attached to the underlying records but in fact not provided.

A note added to the abstract for 4922 says it should be numbered 4960. As provided to me three separate records, all pertaining to fingerprints, are Serial 4922. On the abstract and the first two documents names are excised. On the third, a Lab report,

x under results it is concluded that the ^{prints} ~~prints~~ on Q349 and Q350 are "not of Walker."
OPR's notes say "Vincent Joseph Walker - neg." Vincent Joseph Walker is a named disclosed
by the FBI and thus not properly withheld. He is a "named suspect." Now on 4960 his name
is not withheld in the abstract. This confirms what I told the judge and you, that the
FBI's sole purpose in processing the abstracts was to try to ~~prevent~~ protect improper
processing in the underlying records. There is no excision on the first of several
different records in the Serial ~~as~~ but there is in the last, HQ to Memphis, 7/19/68.
However, the worksheets make no claim to any exemption. The other pages of this Serial are
facsimiles of Scotland Yard information, exactly what I've told you that the FBI discloses
selectively, for its own purposes, to argue a case or make political points. (This also
is true of the record underlying the abstract for 5026. It is an original Scotland Yard
item of evidence and the FBI disclosed it to me in facsimile because it can be construed
as part of a case against Ray. More of this in 5040.)

Three more abstracts in this series of them (one has two parts) pertain to the
bank robberies as part of the MURKIN investigation, an appeal on which you have not
acted. (An additional one below under surveillance.) Items of clothing of the robbers
and a planned circular letter are the two parts of MURKIN 4938. In MURKIN 5111, 8/24/68,
Springfield/daily investigation" to determine "if James Earl Ray was participant" in
Alton job "and used his share of loot to finance subsequent travel and activity."
Because results were negative it wanted to discontinue daily teletypes and weekly
summaries. (You may recall that this theory was foisted off on the House assassins.)
The submission of Jerry and John Ray's palm prints (5075) also bears on the theory that
they were coconspirators.

My requests include surveillance of any form on named persons. You have responded
with regard to some, limited to approved wiretaps included in HQ records only.

Under the Bank of Liberty, Ill., caption, 91-34552-19, WFO (91-4794) identified D.C.
347-3837 as the phone of the Committee to Investigate Assassinations, also included in
my requests. You will recall my appeal coming from the fact that the FBI has me listed in
five different bank robbery files and my statement that this has to come from some form of

telephone surveillance. I believe that at the time in question Jerry Ray phoned me and he was a suspect in that robbery. I believe the same is true pertaining to the 347-3637 call. At that time Bernard Fensterwald was James Earl Ray's lawyer and the CTIA is his organization.

When the National States Rights Party announced it would assist Ray's defense FBIHQ directed Savannah to "alert its sources" and file reports. This is a form of surveillance. (5046)

In 5310 FBIHQ warned Memphis about the trial judge's order that Ray's communications with his lawyers are privileged and "you should not accept written communications" as they were intercepted and provided to the FBI. It was told "you may accept oral info." Whether oral or written and whether or not in violation of Ray's rights and this court order, this is surveillance and within my requests. (Two such intercepts, both subsequent to the order, are attached to the underlying record.)

FBIHQ told Memphis to "ascertain contents of letter" to Ray. OHR's note is, "Mail opening by Bureau?" The underlying record reflects HQ's knowledge that the sheriff was providing copies of Ray's jail.

5076 pertains to an intercepted letter from Stoner and as Ray's lawyer.

4914 encloses a copy of a letter Ray wrote to his sister.

4972 reports on surveillance of Ray's mail.

4982 reports that enclosures may be disseminated "EXCEPT LONAIRTEL DATED 7/16/68 INCLUDING LETTERS FROM SUBJECT TO PERSONS IN U.S."

5013 reports results of surveillance on two of Ray's lawyers, Stoner and Art "ones.

5023: "Legat London furnished copy of letter from subj. ~~xxxx~~...to J.B. Stoner..."

5086, informant reports Stoner got letter from Ray.

5162 forwards a number of copies of Ray's defense records and communications and warns "THAT THIS INFO MAY BE PRIVILEGED." Xeroxes from Sheriff.

5193, mail interception informs that Stoner is to see Ray 9/25/68.

5196 forwards copies of letters to Ray from Stoner and his brother Jerry.

5198 forwards a copy of James' letter to ~~xxxx~~ brother Jerry.

5202, "END TO FBI LAB. DOCUMENTS SECTION ARE 5 COMMUNICATIONS REC'D FROM SHERIFF WILLIAM N. MORRIS, JR., WRITTEN BY JAMES EARL RAY, AND TWO LETTERS REC'D BY JUDGE W. HENSTON BATTLE FROM JAMES EARL RAY."

5235 forwards copies of two letters and envelope, Ray to attorney Hanes.

5241 forwards copies of two more of Ray's letters.

5242 forwards a copy of a Ray letter to Hanes and one to and from Jerry Ray.

5267, to and from Jerry Ray.

5327, Ray's letters to Hanes and judge and letter to Ray from London's Bow Street Magistrate's Court.

5328, Letter from Hanes to Jerry and one from Jerry to Hanes.

5386, after instructions not to accept more copies, reports information in this correspondence, including "THERE WILL BE NEW APPROACH TO HIS TRIAL."

"One - Barclays Bank Slip in name of Sneyd." These personal possessions of Ray are now in the hands of Shelby County Sheriff in Memphis, Tennessee. Our Memphis Office advises that it appears that this is a transaction involving a change of currency from Portuguese to English, as the slip is for Barclays Heathrow Airport branch, and the date of the transaction is 5/17/68, the day that Ray returned to London from Portugal. The Memphis Division has obtained a copy of this item from the Shelby County Sheriff and they are forwarding a copy of this direct to Legat Minnich and, of course, are furnishing the Bureau with copy. Legat is being advised to this effect.

We do not have the results of any investigation conducted by New Scotland Yard regarding this slip nor do we have any information indicating the significance of this slip. It is possible that New Scotland Yard conducted investigation concerning this particular item as they do not record the results of negative investigation. We are requesting our Legat, London to determine if investigation conducted and if so, to submit results to Bureau. It is possible that subject did make a deposit in a bank, however, our Legat advises that New Scotland Yard authorities could not locate any bank account or safe deposit box of the subject in London.

Attached is abstract for MURKIN HQ 5076. It refers to a letter to J.B. Stoner from John Ray re his handling libel action. My recollection is that we got a copy of such a letter by Jerry, not by John. Is my recollection wrong?

I have established a surveillance file. I think it includes interceptions of which we did not get copies under discovery. I know it includes FBIHQ's instructions to keep on accepting information obtained by Sheriff Morris after Battle's order that Ray's mail with lawyers not be examined other than casually, to be sure it held no indication of intended escape. HQ said merely don't take it in writing but do take it orally.
