Hi Harold, How's Tricks.

I received your letter several days ago, and i had to wait until i cooled down before answering it.

I'am amused by how pointed headed liberals throw charges at Patriots, such as Racist ECT, Ect.

Yet the liberals never answer any charges leveled at them, i knew you wouldnt answer any of the charges that i put on tape, because you couldnt , that is unless you agreed with everything i said.

You wouldn't even give and answer to my adventure into Journalism, except to say i wasn't qualified, but you seen the work of art that i put out.

That's why you have been a failure all through life, because you'll never give credit where credit is deserved, i guess it's petty Jealousy. You always bad mouthed the Holy Man, when he is a succesful Atty. and Book Writer.

I used to think Jealousy was a sign of immaturity, but since i became involved in the King case, i have changed my mind.

I have put up with your immaturity for years because i did, and still do you are a nice person, as even i'am not perfect.

I over look your insults, as i realize you have and inferior complex, and by putting me down that builds your ego up, and i won't deny you that.

We can still stay friends, and i'll still make you tapes if something comes up of importance., but i have no more spare tine to enterntain you, as i have to devote most of my time to Journalism..

Until later i remain your Pardner.

Sincerly
