

Dear to your father  
in Dallas - before  
from when you were in  
overcoming this disease  
not to let substance get you  
Rising to me with a purpose  
At there in any one world but  
I am a boy about a year  
I can't recall the meaning of  
because you know  
if you were feeling the  
I think you had  
I would not be  
when to the world  
please to be the  
of living a good
