Just - note this time, I know  
you are not a young man, I don't  
think you have become that better yet  
anyone to let things go, but you are  
if you are a "Gee" of which you are not  
many people still think you should  
get a medal instead of what the  
Congress, that they call Henry Wade  
thinks.

Just heard on T.V. he is after but  
dign. Maybe he wants share of  
the other 49 states. I suppose Tyson  
& H. Wade know it all. I suppose I should  
clarify the above statement, because I  
have some friends in Texas myself,  
D.P. for most people.

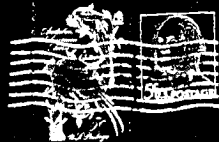

Am glad Belle from Calif is behind  
you, she is a fine person, she  
myself.

Well Jacobs, don't radical, but  
I will tell you this, there is  
hell of a lot of people behind you  
up here, by any here, I mean  
Wash, Idaho and Montana.

I imagine there are a few people  
in county jails, and I guess who  
are and who are, there I mean,  
I hope you have a few minutes and  
will help in some regardless Jacobs, were  
behind you. Good luck
