

Feb 14, 1964

Dear Jack:

Your letter was most welcome.

My good wishes and prayers
are always with you during these
difficult days for all of us.

Eileen and the children are okay
you but we have all been plagued
with colds and sore throats.

Please Jack write to me & let me
know if there is something I can do to help.

My prayers & all my heart are
with you all the time.

Your favorite brother in law.

Harold
