

P.S. City Engineer Mr Vic Bartolome gave me no
papers - just his card. said that Monday yesterday
he would put my place in escrow & I had the balance
of 30 days to protest, get an appraiser, an atty, etc.
I cant do all these things - I also refuse to

Any comment would be appreciated.

"Redskins Steamship Disaster"
I went to the Library yesterday to look for
the book you suggested. But it was "out".
Anyway I dont want to read of any more
disasters. Id rather hear "Hello Dolly"
