

reads Mr. Buhig,

I have been following your
case from the very beginning
and I want you to know how
nearly like you must have felt
that day - I know you were a
young child the same opportunity, etc,
would have done the same thing
if that day were Joe Oswald's
I don't want exactly what you
were told. I saw the actual shooting
on TV that day and saw you get
knocked on the floor and begged
God to make kinder. I know that
wasn't right but that's the way I
feel about this whole business. I am
pregnant with my fourth child due
within the next few weeks and if
it is another boy I am going to
name him after our beloved president.
I don't think anything has ever
touched me the way this whole dirty
