So many more things set on the devil
net and don't know it until its too
late and so you may have been
the cause of seeing a lot of lives
in your time with drink and bad
living but I am sure you are
thirsty to read and if you really
repent and turn to God for help
I may forgive you and you
can spend your life for God and
not feel as every day you live
you help me are up or down
and so many are ready to push you
down but not many to pick you up
May God help you as you read.
I am only a poor sinner saved when
Jesus died on the cross for me.
