

you know this world is in an
awful mess and men have
forgotten God, who gave us our
life + all we are not doing
and the devil hates God and
men are trying to put God out

of his own country and run it
to suit men but it don't work
and so soon as later the devil is
a bad trick master and catches
up with all who forget God
maybe you have never had a
chance to learn the right way and
many may be your God but like
