R.M.B. 2

Holland-America Line

I have heard and read of the resurgent  
americanism in the U.S. not the ultra-  
right type, but rather the polite, seemingly  
winther americanism expressed by such  
as the "american fore group" <sup>of the</sup> ~~of~~ ~~the~~ ~~of~~ ~~the~~  
foundation.

and yet even in these veiled, harmless,  
patriotic pictures, there is the obvious  
"ape being ground" by the ~~transmission~~  
invested interests of the sponsors of  
these expensive undertaking.

To where can ~~the~~ ~~the~~ ~~the~~ turn? to  
factional mutants of both systems,  
to odd-ball <sup>reaction</sup> ~~phantom~~ idealists  
out of touch with reality, to  
religious groups, to revisionist <sup>too</sup> ~~or~~  
absurd anarchists, no!
