

I know there are true, earnest, sincere workers among the Societies of Jesus (Jesuits) and of Mary; these will not accept that which is false, and these will not accept Jesus Dixon to sit in the Pope's throne. Neither will these when they learn positively that Pope Pius XII lied when he told the vision of "sweet Jesus" coming to him on that December 2nd, when he was supposed to be at death's door; and by tracing carefully they shall discover that that Pope based his false vision on what I had written him as being the true interpretation of the Bible; thus he chose to gain for himself all authority and honor, with sainthood after death, by presenting my vision given him in writing as that which happened to him...and it did not happen! And the LORD instructed me to tell him to repent, else his flock would be without a shepherd...and not long after I sent such message, the Pope was no more sitting on his throne; and another took his place, and he, too, did not remain long! And now the present Pope has come to America, set up his tabernacle in New York, blessed the people; and has further plans for America. Kennedy refused to obey the Pope blindly...I have records showing how certain Catholic leaders hated him, and wished him out of the way...so the slaying of Kennedy can be blamed alone on the Jews, or Catholics, or disgruntled Protestants...it was a political affair with many involved, and many things concerning Kennedy were involved...even concerning Mr. and Mrs. Johnson and Stanley Marcus...even concerning Kennedy's wife who had been displaced as hostess...even Robert Kennedy who was in love with his brother's wife...even as I told Kennedy was the case, etc. Do consider that Kennedy removed his wife from the duties as official hostess on Easter Sunday, 1963, and she did not assume those duties again until the last night spent in the White House with her husband before they flew to Texas; and do consider that word had gotten to the Pope when Mrs. Kennedy fled to her sister in Europe...they disappeared out of sight on the Greek's ship... Mrs. Kennedy told her troubles, especially with reference to the son Pat who had died...even J. F. Kennedy believing then it was his brother's child, and taken before time in order to hid the time of conception...the sister carried the story to the Pope...orders came to Kennedy from the Pope to restore his wife, else he would get no support in his second bid for office...Mrs. Kennedy was fearful of being exposed publicly (though many matrons of Washington, D. C. were most familiar with her deeds and her sudden trips to Virginia via helicopter at times when Robert Kennedy managed to be there, too), but most of all, Mrs. Kennedy knew her husband was ill, even with an inherited disease or one contracted...even a venereal disease which was halted in the spine (during time spent in hospital), then became active when Kennedy injured his back in Canada planting a tree...she knew of his plans to disinherit her, separate from her...even placing her in the new home built near Rattlesnake Mountain...and she being so certain he would lose his mind as the signs were beginning to show via his uncontrolled left eyelid...and the condition was becoming worse daily, easily detected...even rendering it impossible for him to keep the secret of his illness past the 1964 election...she did not want to be disgraced nor disinherited...especially in view of great inheritance when Kennedy's father died; so all of these things were involved...especially the Democratic Party deeply concerned over Kennedy's illness and the possibility of a Republican President...and the Republicans knew of this condition... Eisenhower certainly knew of same; and in the planning for a world government, even United Europe with America therein...much trading was done...and even some thought of Kennedy's slaying as a mercy killing...even done for the good of the nation!

And, my, my! the advice I sent out...the prophecies I made...the interpretations of Bible prophecies! Even to the extent of describing Mrs. Kennedy as the Jezebel of Rev. 2:20... then warning Johnson about his wife stepping in and killing Mrs. Kennedy's shoes, becoming Jezebel (Jezebel) herself in person...even saying what a shame to move in a house of mourning, and why not wait until the black was removed from over the doorway...then there the Johnson family stood (except the older daughter) on November 29, 1963, their first day of occupancy of that estate called a space, numbered 1600 on Pennsylvania...the block prophesied of in Rev. 12:20 where the wrath of God comes upon him holding the reins of government...if he be not the seed of David sitting in ruling power. And, knowing that Joseph Kennedy was the power behind his son John (not John-son) as he sat in the White House, I wrote Joseph Kennedy asking if they thought any son of his would prosper sitting in the White House, as a result of buying the election with the father's wealth; and shortly thereafter Joseph Kennedy (not believing me) was stricken with a stroke...and his son John then began operating in his own power. And I urged that J. F. Kennedy not seek a second term of office, giving reasons, even urging him to turn to me and listen carefully about what was prophesied: he did not listen at the last minute, began his race for the second term by flying into Texas, and he flew in a plane with Johnson, a thing I had warned against...he again set his wife as hostess; all these things were in direct opposition to what I had counseled; and he met his death in Dallas Nov. 22, 1963. Also do not forget to pay attention to how many cabinet members were in a plane flying away from the USA, as if anything happened, they would be spared and find refuge in other lands if plans went wrong! Even one might ask why they were sent at that time; even Kennedy's Pierre Sallinger missing! Some day you will see all those things printed in a book which I sent forth in prophecy! And you will see who wins: Mrs. Johnson or Jeans Dixon, Mrs. Kennedy or me!

These are the things you men in Dallas are to keep under consideration. Major on what was
