Gentlemen:

As an American, I demand that you stop blaming a man who is obviously being tried for being a Communist and not truly for assassination. It is altogether that you have no intention of actually seeking the real culprit.

Too evident

Every attempt on the lives of every one of our presidents, successful and unsuccessful, have all been committed by members of the Catholic Church. Three times Lincoln escaped. Once in Boston the mob was led by the Jesuits. Jesuits planned his assassination when it did happen, and it was planned in the home of the Surrats who were Catholics. John Surrat hid in a monastery in Italy after being spirited out of the United States through Canada by Jesuits.

I know, as does every informed American, that most policemen in most of our cities are Roman Catholics and that all of you belong to the Holy Mary Society and we also know that all of you are potential police state officials.

Accusing a man known to be a Communist is an old trick of your Catholic. We know you are framing him. God knows we don't want Communists who are not being watched, but by God we need you god damned Catholics watched even more.

I want the real murderer caught!!!!

You Catholics are taught to murder from the day you are born. You will stop at nothing to overthrow our form of government. This accusation against a known Communist is just the type of thing you Catholic trash would pull.

I demand that you find the Roman Catholic John Birchler Joe McCarthyite segregationist that murdered John F. Kennedy!!!!!!!!!!!!!!!!!!!!

Yours sincerely,

Hannah Erickson
